

Report on the one day workshop on Career Guidance

Organised by the Department of Commerce, Chemistry and the College Placement Cell

In Association with

ARENA ANIMATION, BILASPUR, CHHATTISGARH,

A one day workshop on Career Guidance was organized in our college by the Department of Commerce, Chemistry and the College Placement Cell in association with Arena Animation, Bilaspur. Altogether 96 students of all the classes of our college participated in this workshop.

During his lecture, Mr. Sandeep Gupta, Managing Director of ARENA Animation, Bilaspur presented the future of multimedia in the field of carrier. He taught about the Metaverse, its concept and importance in the field of career. The field of animation is wide enough to accommodate lakhs of employee every year. The market of video gaming comprises lakhs of crores of rupees world wide. Several video games and animated films are being imported from other countries in india. Very few of such multimedia products are Indian in origin. This shows that we are still not a developed country in the field of Multimedia.

In the beginning of the workshop, Dr.S. P. Ambastha, Principal of the College addressed the students. He encouraged the students for choosing a better career for their future development. Prof. Jitendra Kumar Sharma introduced the students with the M.D. of Arena Bilaspur and its staff and also taught the students about the importance of multimedia. In the last, Dr. N. K .Singh, senior professor of the college delivered vote of thanks to Mr. Gupta and the Arena team for providing valuable opportunity to our students to hear about the importance of multimedia as a field of career. Dr. Sandhya Patre and Professor Anuradha Diwan also appreciated the efforts of Arena Animation for making our students aware about the scope of multimedia in future.
