**REPORT OF CLEANING
MAINTENANCE OF LOCAL HISTORICAL HERITAGE
MADKU DWEEP, BAITALPUR DIST. MUNGELI
ORGANISED BY
ORGANISED BY PROF. AMAN KU. TOPPO, DEPT. ZOOLOGY**

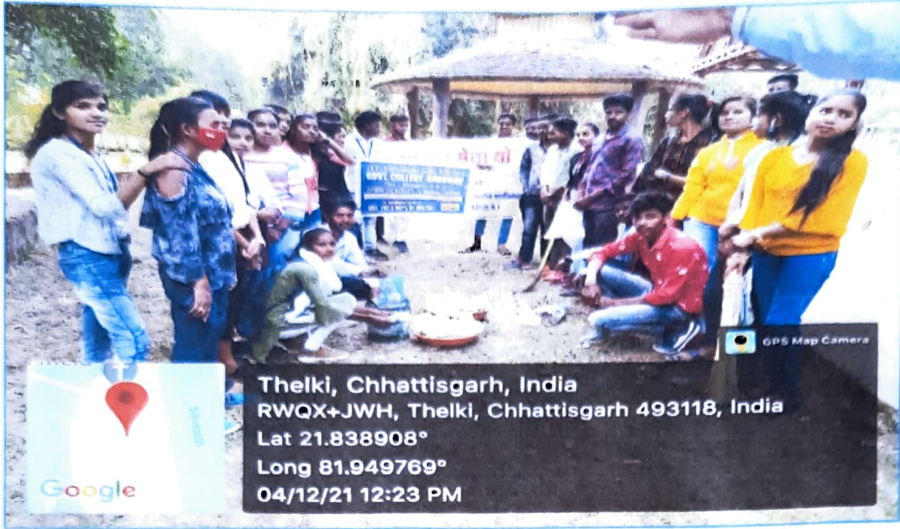

DATE:04.12.2021

Madku Dweep in a small island located at the sargaon of manyari and shivnath rivers. It is located near, Baitalpur, Sargaon of Mungeli district. Excavation of ASI at this island has shown the remains of 1200 year old historical and religious temples of Lord Shiva. It is being developed as a tourist spot where lots of people visit in winter.

A team of science students led by Prof. Aman Ku. Toppo, Dr. Sandhya Patre and Dr. N. K. Singh visited the site on the date 04.12.2021. The purpose of the visit was the cleaning and maintenance of the site and also to develop awareness among local people to protect the historical site. Our team comprising of B.Sc.II students along with teachers cleaned the area around the site. The visitors and local people were made aware about the importance of the heritage. They were also advised to look after the valuable site, maintain the cleanliness and save the temple from animals and antisocial elements.
