Sargaon , Date 20.11.2021

REPORT OF THE EXTENSION ACTIVITY

Topic/subject of the Activity: Vermicompost : A potential source of plant nutrients

Date: 20.11.2021

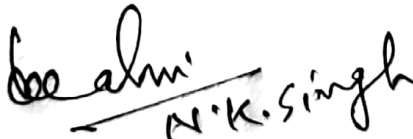

Place: Gram Panchayat Bhavan, Maro, Dist.- Bemetara, C.G.

Resource Person: Dr. N. K. Singh

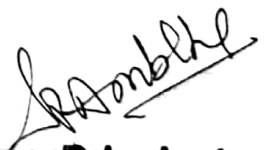

Number of Participants: 28 students and 33 villagers including male and female

Certificate from the Organizing Institution

It is certified that an extension activity on the topic/subject “Vermicompost : A potential source of plant nutrients” was organized in the village Maro at the Gram Panchayat Bhavan on the date 20.11.2021. The resource person was Dr. N. K. Singh, Assistant Professor (Botany) of this College. Under the subject, Dr. Singh explained the necessity of fertilizers in crop production. At the same time, he also explained the hazards the excessive use of inorganic/chemical fertilizers which is especially practiced in countries like India where most of the farmers and agricultural labors are illiterate and do not know the ratio of farm area and the quantity of chemical fertilizers. Villagers were told about vermin compost, how it is prepared, what is the mineral richness of vermicompost and what are its benefits. The presentation was highly appreciated by the Sarpanch and the participant villagers. The Gram Pradhan/Sarpanch provided a certificate of appreciation to the college for this presentation.

Sargaon , Date 16.07.2021

REPORT OF THE EXTENSION ACTIVITY

Topic/subject of the Activity : Utility of Organic Farming

Date: 16.07.2021

Place: Gram Panchayat Bhavan, Chunchuniya, Dist.- Mungeli

Resource Person: Dr. N. K. Singh

Number of Participants: 40 students and 31 villagers including male and female

Certificate from the Organizing Institution

It is certified that an extension activity on the topic/subject "Utility of Organic Farming" was organized in the village Chunchuniya at the Gram Panchayat Bhavan on the date 16.07.2021. The resource person was Dr. N. K. Singh, Assistant Professor (Botany) of this College. Under the subject, he explained the nature of organic farming in the light of the hazards of modern agriculture based on the excessive use of chemical fertilizers and pesticides. He not only enumerated the benefits of organic farming rather also explained the scheme being run out by the state government through which a financial support of Rs 10,000/- per acre is provided to the farmers if they opt for organic farming in their fields. Villagers were delighted and overwhelmed to know about the details of organic farming. The Gram Pradhan/Sarpanch provided a certificate of appreciation to the college for this presentation.
