Learning Functional English.

One-day professional development program was conducted by Department of English for teaching staff. It was entirely related to usage of English language in our day-to-day life. Functional English provides the basis for effective communication and understanding across areas like speaking, listening, reading and writing. It also enhances our confidence and skill in our daily life and profession.

Topic:- "Learning Functional English."

Resource Person:- Dr. A.K. Sing. Asst. Professor
